

24 % Female Opinion Writers in Print Male-Female Byline 7:1 in Online Media

GENDER JUSTICE MONITORING

January-March 2018

The info-graphics empirically depicts the status of female presence in major nine broadsheets and six online news portals of Nepal. Data to this effect is generated by a three-months long monitoring of media contents on women especially, female bylines, women as news sources and issues relating to women. It is the new dimension of media monitoring carried out by Freedom Forum since 2016.
